

EEYOU MINING SKILLS ENHANCEMENT PROGRAM (EMSEP)

CHRD is working with mining industry partners and the Cree School Board to secure a future in the growing mining industry for our people. EMSEP aims to develop and implement Essential Skills programs that are targeted to the mining occupations and trades. Our goal is to create a ready, mobile and versatile workforce to meet current and future employment demands.

- A) "Essential Skills is a nationally recognized skill upgrading solution. By focusing on literacy, document use, numeracy and oral communication Essential Skills equips individuals with the tools necessary for success."
- B) "Essential Skills, worth the investment"
